

Ontario Ornamental Container Trial and Workshop

► **Grower Event** 9 am – 12 pm

Includes presentations, BBQ lunch, container trial and a tour of the new Vineland Greenhouse facilities.

Presentations include:

- **Dr. Alex Grygorczyk**, Vineland Research and Innovation Centre
New opportunities in floriculture from the growing Asian-Canadian community.
- **Dr. Betsy Lamb**, Cornell University New York State IPM Program
Updates from NY: growing cool to save energy and how fertilizer choice affects aphid pests.
- **Rodger Tschanz**, Trial Garden Manager, Plant Agriculture - University of Guelph
From the greenhouse bench to the landscape, some of the best performers from the 2015 trial season.
- **Dr. Sarah Jandricic**, Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA)
Which new flower varieties are tastiest to thrips?

Register before August 17th

Call 1-877-424-1300
